

“EZASC, NC series”

■ Dimension

■ Circuit

4 capacitors in one package

■ Feature

- (1) 4 capacitors in a small chip
EZASC : 4.0 mm x 2.1 mm , 0.8 mm pitch
EZANC : 6.4 mm x 3.1 mm , 1.27 mm pitch
- (2) Low residual inductance at high frequency provides effective reduction of noise.

■ Specification

Capacitance Value EZASC	10pF to 180pF : +/-20% or +30/-20% Standard : 22pF, 47pF, 100pF
Capacitance Value EZANC	22pF to 470pF : +/-20% or +30/-20% Standard: 22pF, 47pF, 100pF, 220pF, 470pF
Rated Voltage	25V
Temperature Range	-25 to +85 degree C

■ Attenuation characteristic
